WELCOME TO A NEW DECADE!

It's 2020 and there are some exciting happenings this year!

To start off, 2020 is the year for once-a-decade U.S. Census information gathering. AINC has partnered with the U.S. Census to help get the word out on the vital importance of participation on April 1st.

Community funding depends on census data, and without accurate numbers, communities can run short of funds that residents rely on for services and help.

AINC is running informational content to help you learn more about the 2020 Census, and how you can participate.

AINC has made major changes to how our broadcasts are created, and delivered to you. This will give you, the listener, more options in navigating and choosing program content.

AINC On-demand programming menus have changed, along with our website, streaming content, and podcasts, as well as accessibility through the Alexa app.

Finally, we recognize that you may not have internet access in your community, or the ability to pay for it. We now can identify discount internet options by geographic region, help listeners navigate the sign-up process and cover initial set-up costs. Call us if you need this vital service.

Thank you for helping us to serve you better,

The Staff at AINC:

Kim, Kat, Dorie, Alex, Matt, Mary, and Dan
